

About the Morgan Lens

www.morganlens.com

The Morgan Lens is the most effective, comfortable, and easiest to use emergency eye irrigation system available, quickly treating ocular chemical burns, thermal burns, removing non-embedded foreign bodies, or delivering medication to the eye.

Morgan medi-FLOW Lens® - Product # MT2000

DAPA: SP0200-03-H-0046 DUNS #: 057490781 CAGE CODE: 0B000 NSN: 6540 01 296 2130

Inserted in less than 20 seconds, the Morgan Lens provides hands-free irrigation, freeing medical personnel to treat other injuries. The Morgan Lens effectively irrigates all regions of the eye and inner eyelid. Floating on the layer of irrigating solution and never touching the cornea, allows for continuous treatment while the patient may be transported from the accident site to the medical facility.

- Used in 90% hospital emergency departments in the USA
- Specialists in eye irrigation for over 40 years
- Recommended in hundreds of books, papers and protocols
- Proven effective through millions of uses
